**SKIN CONTACT:** Immediately flush with plenty of soap and water for at least 15 minutes while removing contaminated clothing and shoes. Destroy or thoroughly clean contaminated shoes. If irritation, rash, or other disorders develop, get medical attention immediately.

**INHALATION:** Call a physician or poison control center immediately. Move to fresh air. If breathing is difficult, give oxygen. If required, artificial respiration or administration of oxygen can be performed by trained personnel.

**INGESTION:** Rinse mouth. Call a physician or poison control center immediately. Never give liquid to an unconscious person. Do not induce vomiting without advice from poison control center.
**CHRONIC HEALTH EFFECTS:** May cause sensitization by contact. Prolonged or repeated exposure to epoxy resin can cause irritation to skin, eyes, skin sensitization, and temporary eye injury. Certain epoxy resins are reported to be mutagenic in some laboratory tests. Fillers are encapsulated and not expected to be released from product under normal conditions of use.

### SECTION V: FIRE FIGHTING MEASURES

**GENERAL FIRE HAZARDS:** No unusual fire or explosion hazards noted.

**MEANS OF EXTINCTION:** Use fire-extinguishing media appropriate for surrounding materials. Do not use water jet as an extinguisher, as this will spread the fire.

**FLAMMABLE LIMITS L F L , U F L:** No data available

**FIRE-FIGHTING EQUIPMENT:** Use accepted fire fighting techniques. Wear full firefighting protective clothing, including self-contained breathing apparatus (SCBA).

**SPECIAL FIRE HAZARDS:** During fire, gases hazardous to health may be formed.

### SECTION VI: ACCIDENTAL RELEASE MEASURES

**PERSONAL PRECAUTIONS, PROTECTIVE EQUIPMENT AND EMERGENCY PROCEDURES:** See Section 8 of the SDS for Personal Protective Equipment. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep unauthorized personnel away.

**METHODS AND MATERIAL FOR CONTAINMENT AND CLEANING UP:** Dam and absorb spillages with sand, earth or other non-combustible material. Collect spillage in containers, seal securely and deliver for disposal according to local regulations.

**ENVIRONMENTAL PRECAUTIONS:** Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so. In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.

### SECTION VII: HANDLING AND STORAGE

**PRECAUTIONS FOR SAFE HANDLING AND STORAGE:** Prevent inhalation of vapor, ingestion, and contact with skin, eyes, and clothing. Keep container closed when not in use. Precautions also apply to emptied containers. Do not smoke, weld, generate sparks, or use flame near container. Do not use in confined or poorly ventilated areas. Personal protective equipment must be worn during maintenance or repair of contaminated mixer, reactor, or other equipment. Store under dry warehouse conditions, away from heat, and all ignition sources. Store locked up.

### SECTION VIII: EXPOSURE CONTROLS/PERSONAL PROTECTION

**EYE/FACE PROTECTION:** Avoid eye and skin contact. Wear chemical safety glasses or goggles. In some applications face shields may be necessary. Do not touch eyes with contaminated body parts or materials. Have eye washing facilities readily available.
